Boston Jany. 12th 1844

My dear Friend,

I had the pleasure this morning of receiving from you, a Liberty Bell, for which I thank you most heartily — The book falls into the first rank of my treasures.

I inclose an account, rather imperfect & confused, of the expenses of the Chirtmas Tree — It is copied from Dr: a/c which is not kept with perfect business order; but I believe all the items are down, & I think you will be able to derive all the information from it which you wish — & which I take it for granted you wish. I have not, you will see, credited the draft on Frar Jackson for 100$ one hundred dollars which was rec'd from you. And I have also thirty dollars subscribed by individuals — If my a/c is correct the Dr still falls short say Sixty dollars in addition to my collection & the Fair contribution — If there is any thing more that you cant understand, I shall be glad to explain it orally on the first occasion. Hoping that this will please you

I am with best wishes for yourself & family

Your friend

Frederick S. Cabot
